CAREER OBJECTIVE

Results-driven Full-Stack Web Developer with 5+ years of experience in PHP, Laravel, JavaScript, and MySQL, specializing in building scalable web platforms, RESTful APIs, and high-performance applications. Skilled in developing secure backend architectures and responsive user interfaces for fintech, trading, and eCommerce systems serving global users.

WORK EXPERIENCE

Full Stack Web Developer

Taki global marketing

📅 11/2023 - current

📍 Dubai

- Led development and redesign of a global prop-trading platform using Laravel, React, JavaScript, and MySQL.
- Integrated REST APIs from Rithmic and DXFeed, streamlining data retrieval for 5,000+ daily trades and enhancing trading operations.
- Built trader dashboards, account management systems, and backend APIs, resulting in a 30% increase in user activity and a 20% reduction in load times.
- Implemented Stripe and PayPal payment gateways and enhanced security protocols while improving server response time by 30% through code refactoring.

Senior Web Developer

AUSPEXSOFT

📅 09/2022 - 08/2023

📍 Lahore

- Developed 10+ web and eCommerce platforms using Laravel, PHP, MySQL, and WordPress for international retail and fintech clients.
- Built scalable full-stack applications and REST APIs with Laravel and React, supporting 5,000+ daily users.
- Engineered SEO-optimized responsive frontends using React and Bootstrap, resulting in a 30% increase in page load speed and improved user engagement across eCommerce platforms.
- Optimized MySQL queries and enhanced SSL security, reducing average query response times by 30% and preventing SSL vulnerabilities.

EDUCATION

Bachelor

Computer Science

NATIONAL COLLEGE OF BUSINESS ADMINISTRATION & ECONOMICS

📅 01/2018 - 01/2022

📍 Pakistan

🎓 3.2/4.0
